

While in the early planning stages of our Summer 2017 wedding we stumbled upon Burtown House & Gardens online & we were intrigued. The wonderful gardens, stylish interiors & country charm had us excited to see more. Burtown House was our first and only venue visit, we were completely captivated by each amazing space & knew that the exquisite Green Barn was exactly what we had dreamed of. Planning our wedding with James & Joanna was really enjoyable, they completely understood our vision for a relaxed outdoor garden party theme & executed it to perfection. All of our visits during the planning stages were a joy! We particularly loved having the freedom to create our very own bespoke day; starting with our ceremony in the courtyard, reception in the sundial gardens and dinner & dancing in the Green Barn. A highlight for our guests was meandering from the reception to the green barn through the organic kitchen gardens, this definitely whet the appetites of our guests. Being total foodies & fans of local, seasonal food Burtown hit all the right notes for us. Our canapes and wedding banquet ingredients were grown in the gardens only a few meters from our celebration & the food was unforgettable. We received so many compliments about the food, our guests were blown away. The team at Burtown were so generous and attentive to our guests requests & needs. Our photographs from around the gardens are truly stunning, our favourites change constantly as each has such beautiful surroundings & backdrops. We were thrilled to have Lesley Fennell creating the bouquets & felt so lucky to have the fresh flowers from the gardens incorporated in our day & oh my goodness, the aroma was divine! Another highlight was our first dance outside on the terrace with our guests surrounding us & our band playing acoustically, it makes us remember just how unique & special our day was. We stayed in the Stable Yard lodge & it was our perfect little hideaway, having breakfast the next morning out in the gardens we felt so lucky to be tucked away in our very own little oasis. It was genuinely the best weekend of our lives. We would highly recommend working with James, Joanna and the team at Burtown House for your wedding, it truly will be the most incredible, memorable event & a totally enjoyable experience.

Cliona & Mehmet Cicek
