INVITATION

You are warmly invited to view and enjoy this unique series of beautiful botanical vegetable prints in the perfect ambiance of
The Green Barn Gallery & Restaurant.

Each print is faithfully reproduced, in vitamin rich, eye watering detail, from a special private commission of original watercolours painted in a contemporary style over a period of five years for a newly renovated canal house kitchen in The Netherlands, by the botanical artist Christine Stephenson.

The limited edition prints are professionally mounted and framed and are available to purchase in the various formats shown overleaf.
